

Karrierefórum – Karriereplanung kompakt

Das Karrierefórum an der TU Dortmund bietet Ihnen in konzentrierter Form Informationen und Tipps zu Karriereoptionen und -wegen nach der Promotion in Wissenschaft und Wirtschaft.

Tauschen Sie sich in kleinen Gesprächsrunden mit ausgewiesenen Expert*innen intensiv zu karriererelevanten und hochschulpolitischen Themen aus. In Einzelberatungen können Sie sich in einem Vier-Augen-Gespräch zu individuellen Karrierefragen und -strategien beraten lassen.

Das Karrierefórum richtet sich an Postdoktorand*innen und Promovierende in der Abschlussphase der Universitätsallianz Ruhr (UA Ruhr). Die Veranstaltung ist ein Angebot der Research Academy Ruhr (RAR), der universitätsübergreifenden Plattform zur Förderung von Wissenschaftler*innen auf dem Karriereweg in der UA Ruhr.

Karrierefórum – Career Planning for Postdocs

The Karrierefórum at TU Dortmund University demonstrates individual career planning options after the doctorate in a very concentrated and efficient way.

Small discussion groups offer you the opportunity to exchange intensively with renowned experts about career-relevant and higher education policy topics. In individual consultations, you can get advice on your very individual career questions and strategies.

The Karrierefórum addresses postdoctoral researchers and advanced doctoral researchers of the University Alliance Ruhr (UA Ruhr). The event is an offer by Research Academy Ruhr (RAR), the cross-university platform for promoting early career researchers within the UA Ruhr.

24th Karrierefórum for Postdocs

Postdoc funding programs for (inter)national research

23 + 24 March 2023

Online-Event

24th Karriereforum

Postdoc funding programs for (inter)national research

Which funding program suits my research project? How can I finance a research stay abroad? What do I have to consider when applying for third-party funding? The 24th Karriereforum is all about third-party funding for your postdoctoral career!

On 23 March, we will start with an in-depth overview of the funding landscape and will look at the importance of third-party funding for the academic career path. Then we want to focus on the process of submitting applications. On 24 March, we will then have a look at various foundations that could be of interest for the funding of your research. Q&A sessions with the foundation representatives as well as success stories from successful applicants will round off the program.

The event will be conducted primarily in English and you can arrange your daily schedule individually.

Register here
by 5 March!

Thu, 23 March 2023

Parallel sessions

08:45	Registration		
09:00–09:15	Welcome (EN) Prof. Dr. Nele McElvany, Vice President Research of TU Dortmund University
